III. Cloze (每題 2 分/20 分)

Have you ever seen something in a museum you wished you could have at home? It might now be possible to do so, thanks to 3-D printing. As 3-D printing grows more popular, some museums are scanning items __ (21) __ from their collections, making them into 3-D models and sharing these models online. Since New York's Metropolitan Museum* of Art released its own collection of 3-D models in 2012, more items from art, history, and science museums __ (22) __. If you want one of the items for yourself, you can simply download the plan and print it. Will something printed in 3-D look just like the

original? Sadly, the quality of __(23)__ printed copies will be much lower. Keep in mind, too, good results from 3-D printing can __(24)__ a lot of time and cost lots of money. You may find __(25)__ cheaper to simply buy a copy of the item in the gift shop. Either way, it's nice to have something from the museum in *your* collection.

註：Metropolitan Museum of Art 大都會藝術博物館
