(A)

Finland’s Education System

✧ English is the most commonly taught foreign language.

✧ Everyone has equal educational opportunities.

✧ There is a maximum of 20 students in each class.

✧ Finnish students have a short school day.

✧ Children under 7 learn by playing rather than being stuck in a classroom all day.

✧ Students have less homework compared to those in other countries.

✧ Students are taught to apply knowledge rather than merely gain it.

✧ Students enjoy free food at school, and tuition is also free.

✧ Free transportation is offered to students who live in remote areas.

1. What is the purpose of this passage?

(A) To praise a great Finnish educator.

(B) To explain how to apply to a school in Finland.

(C) To help students in Finland.

(D) To introduce the education system of Finland.
2. Which of the following is NOT true about Finland’s education system?

(A)Local students have no homework at all.

(B) It is impossible to have 22 students in a class.

(C) Most Finnish students’ second language is English.

(D)Students don’t have to pay for food at school.
3. Based on the list above, what can we infer about Finnish students?

(A)They are all used to learning in very large classes.

(B) They don’t have to worry about how to get to school.

(C) They mostly prefer foreign teachers to local ones.

(D)They spend more time at school than students in other countries.

(B) Do you have 18 minutes of free time? If so, why not use it to watch a TED Talk? One of the best recent TED Talks is *The Secrets of Learning a New Language* by Lýdia Machová. Lýdia Machová is a language expert from Slovakia. She is also a “polyglot,” a person who can speak several languages. At the beginning of her talk, she mentions that she is currently learning her eighth **one**! She then says that people often ask her how she does it. Her usual reply used to be, “I just love it.” However, after asking other polyglots for their opinion, she came up with a better answer.

Through discussions with several other polyglots, a common theme became clear. They had all found ways to enjoy the language-learning process. Whether it was using apps or cooking with the help of foreign recipes, they all had ways to make it fun. To conclude her talk, Machová argues that **adopting** effective learning methods, developing a good system for practice, exercising patience, and, most importantly, making it all fun are the true secrets of learning a new language.

4. What does “**one**” in the first paragraph refer to?

(A) Talk.

(B) School.

(C) Language.

(D) Grade.
5. What is NOT mentioned by Lýdia as a secret of learning a new language?

(A)Lýdia Machová is a language expert.

(B)Lýdia Machová comes from Slovakia.

(C) A polyglot is a person who can speak several languages.

(D)The language-learning process isn’t fun for polyglots.
7. What does the word “**adopt**” in the second paragraph mean?

(A) To start to use something.

(B) To give up on something.

(C) To take a short break.

(D) To raise a child.

(C) TED Talks is a perfect way to inspire yourself to improve both personally and professionally. One video, in particular, that has touched many people is from a man named Simon Sinek on “How Great Leaders Inspire Action.” In his speech, Sinek discusses the importance of **figuring out** the “why” or reasons behind what you do before even thinking about the methods of “how” or “what.” He stresses that **this** is equally important to the job and to yourself. Before you decide what it is that you want to do, you must know the factors that motivate you to do so and the ideas that inspire you. Once you are able to **figure out** those factors, your career and your life will have a purpose, which helps you keep working towards your goal. Better yet, you’ll be able to inspire others more effectively.

8. Which of the following is the key word in Sinek’s speech?

(A) Discussion.

(B) Career.

(C) Motivation.

(D) Planning.
9. What does “**this**” refer to in the passage?

(A) The methods of “how” or “what.”

(B) Having a discussion.

(C) Knowing why we do certain things.

(D) Simon Sinek’s speech.
