(1)	"Eco-friendly"	means making choices that are better for the environment. Not sure where to start? Begin by using less!	5.	What does the word "amount" refer to?	(A) 標準 (B) 品質 (C) 數量 (D) 人口							
Cut back on the amount of energy and water you use by taking a shower instead of a bath, turning off the water when brushing your teeth or shaving, and only using the lights when you must. Using cold water also reduces energy used. To further cut back on electricity consumption, turn off and unplug every household appliance that isn't being used. If you are not in a hurry, choose to walk or ride a bicycle instead of taking a car or taxi. You will not only make the Earth happy by reducing air pollution, but also make yourself healthier by exercising more often! The most important thing is to become conscious of what you use and use only what you need. When you really need something, make the choice that is best for our planet—and all of us!	(2)	Joanne Rowling knows what it's like to fail. As a young adult, she found herself facing her worst fears when she was a single parent without a job. One of the few things that brought her joy during these difficult times was writing. Joanne found time to write when her baby slept, and eventually finished a book. Even after being turned down by many different companies, she continued to believe in herself and her writing. After many years of struggle, Joanne's book was finally released and became very successful. She is now known and loved around the world as J. K. Rowling, creator of the Harry Potter books. We can all learn from Joanne's experience that no matter what your dream is, don't let your fears or failures stop you. Even when times are tough, don't give up. If you do, you'll never know what a success you could have been!	6.	Which of the following would be the best title for this passage?	(A) From Failure to World-Famous (B) The Best-Selling Book in UK (C) Learn How to Be a Tough Mother (D) How to Become a Successful Writer
