科目	英語文	出題 教師	吳冠宇	審題 教師	溫雅君	適用 科別	應英	適用 年級	二	姓名				是

注意事項：

- 第五大題(混合題)、第六大題(文意字彙)、第七大題(中譯英)：於答案卷(P. 6)上作答
- 第一、二張考卷(第1-4頁)：對折後再繳交給監考老師；第三張考卷(第5-6頁)：無須對折，直接繳交給監考老師
- 第5頁務必要填寫班別、座號、姓名 (任一項未填寫者，總分扣10分)

一、克漏字 (每題2.5分，共25分)

Japan's fascinating culture is reflected in many traditions. One example that truly ____1____ is the presence of countless Shinto shrines across the country. Shinto, often described as Japan's native belief system, centers on the worship of kami—spiritual beings ____2____ to exist in mountains, rivers, and ancient trees. ____3____ the respect for these kami ____3____ shrine etiquette for centuries. A Shinto shrine is usually marked by its torii, a symbolic gate that signals entry into a sacred world. One of the most iconic toriis rises from the sea at Itsukushima Shrine in Hiroshima, and a trip to the region is ____4____ visiting this breathtaking sight, which many worshippers say appears to float gently on the water.

Before approaching the main hall, visitors purify themselves at a basin ____5____ people are seen washing their hands and mouth to cleanse both body and mind. After purification, they follow a traditional sequence: offering coins, ringing the bell, bowing twice, clapping twice, praying silently, and bowing once again. Guided by these long-established customs, worshippers carry out each action with sincerity. There are also quiet pauses during the ritual—moments in the ritual when visitors stop to gather their thoughts before continuing. This slow, ____6____ rhythm helps people ease into a reflective state regardless of their cultural background or previous knowledge of Shinto.

Shrine grounds are carefully arranged to encourage a sense of calm. Wooden halls, built with simple and natural materials, blend harmoniously into the surrounding ____7____ of forests, stone paths, and lantern-lit walkways. These features create opportunities for visitors to stroll peacefully and notice details that sometimes seem to ____8____ deeper thought.

For anyone visiting Japan, spending time at a Shinto shrine offers ____9____ a religious ritual. It provides a meaningful encounter with nature, tradition, and centuries-old reverence. By participating in the customs and observing the serene setting, visitors gain a clearer understanding of why Shinto shrines continue to play such a ____10____ role in Japan's spiritual identity.

1. (A) sets off (B) stands out (C) comes off (D) comes out
2. (A) believed (B) that believed (C) believing (D) to be believed
3. (A) It was not ; that had shaped (B) It is not ; that has shaped
(C) It was ; that had shaped (D) It is ; that has shaped
4. (A) never complete without (B) never completed with
(C) no completeness without (D) no completion with
5. (A) which (B) where (C) , which (D) , where
6. (A) peculiar (B) deliberate (C) leisurely (D) inevitable
7. (A) elegance (B) landscape (C) resemblance (D) smoothness
8. (A) have invited (B) have been invited (C) invite (D) be invited
9. (A) little more than (B) much more than (C) by no means (D) by any means
10. (A) distinctive (B) distinct (C) definite (D) definitive

二、文意選填 (每題2.5分，共25分)

Everyone faces difficult decisions at certain points in life. Making tough choices can feel stressful because the results can have a significant impact on the future. Whether choosing a new career 11, moving to a new place, or ending a relationship, such decisions often bring pressure and confusion. The fear of making the wrong choice can make the process even more 12.

One common 13 that people face is deciding whether to follow their dreams or stay in a steady but less rewarding situation. For example, someone might have a(n) 14 job with strong financial benefits but long to start their own business. While pursuing a dream can bring excitement and new opportunities, it also comes with risks and potential struggles. On the other hand, staying in a predictable situation may provide stability but could lead to future 15. Such choices require careful consideration, as they shape a person’s future in meaningful ways.

When feeling 16 about difficult decisions, it is important to reflect on personal values and priorities. Being honest about what truly matters helps people find the courage to make choices that match their goals and happiness. Seeking advice from trusted friends and family members can also prove valuable. These conversations often offer new insights, 17 stress, and bring greater understanding to the decision-making process.

Regardless of the result, each tough choice provides valuable lessons. Even decisions that lead to unexpected mistakes play a role in personal growth. Learning from past decisions helps individuals become wiser, more confident, and better 18 for future difficulties. In fact, overcoming obstacles 19 resilience and enables people to adapt successfully in new and unfamiliar situations. In conclusion, making difficult decisions is a natural and necessary part of life. Although hesitation and doubt may 20 the decision-making process, every choice presents an opportunity for personal growth. With careful thought, self-awareness, and the courage to move forward, people can navigate life’s challenges and continue to grow into stronger, more capable individuals.

- (A) regrets (B) path (C) reduce (D) dilemma (E) equipped
- (AB) challenging (AC) stable (AD) conflicted (AE) accompany (BC) strengthens

三、篇章結構 (每題2.5分，共10分)

Thanksgiving is a national holiday in the United States and Canada. In the US, this holiday falls on the fourth Thursday in November. It began as a harvest festival held by settlers who arrived from England in the 17th century. When the English settlers first came to the Americas, they often found themselves in conflict with the native people already living there. 21 Living together peacefully required both groups to understand one another’s cultures, beliefs, and daily customs. Thanksgiving was therefore intended as a Christian day of thanks, since most settlers were Christians. On this day, they expressed gratitude to God for good fortune, a successful harvest, and peace in their new land.

Thanksgiving later became an annual celebration throughout the United States, especially after George Washington supported it in 1789. Over the years, the holiday grew in popularity and developed many traditions that continue today. Most Americans no longer celebrate Thanksgiving solely as a Christian holiday. 22 What matters most for many families is spending meaningful time together, sharing a comforting meal, and reflecting on the blessings of the past year. Whether large or small, these gatherings strengthen family bonds and create memories passed down through generations.

Serving food—especially dishes featuring ingredients native to America—has always been an essential Thanksgiving tradition. Cornbread, made from ground corn, is one such example. Corn did not exist in England when the settlers arrived, so native Americans taught them how to grow and cook it. As a result, corn became a major part of the settlers’ diet and remains a staple food in the United States today. Another classic Thanksgiving dish is roasted turkey, a bird native to America. 23 From pumpkin pie to pumpkin soup and even pumpkin-flavored drinks, pumpkins have become an iconic symbol of the fall season.

24 Seasonal and freshly prepared dishes play an important role in this holiday, whose central purpose is to give thanks for a plentiful harvest. Many families prepare large meals with autumn produce and enjoy additional traditions such as parades or football games. Whether simple or elaborate, Thanksgiving encourages people to slow down, appreciate what they have, and express gratitude. Although traditions may vary, giving thanks remains the heart of this holiday.

(A) This made sense because the land had long been home to the native peoples, and the presence of the new settlers naturally created tension and potential danger.

(B) Finally, a Thanksgiving feast would not be complete without a pumpkin-based dish, because pumpkins have long been connected with autumn harvest traditions in American culture.

(C) However, everyone enjoys the chance to gather for a Thanksgiving feast with friends and family, sharing food and conversation during this meaningful and nostalgic annual celebration.

(D) Similar to Christmas, Thanksgiving gives family members the opportunity to gather, enjoy each other's company, and celebrate together in a warm and joyful atmosphere.

(E) Legend has it that the first Thanksgiving was a festival shared by native Americans and English settlers who set aside conflict and chose to live peacefully together.

四、閱讀測驗 (每題2.5分，共10分)

Life is a grand adventure, full of joy and celebration, but it's also a journey marked by moments of loss and remembrance. In India, there's one special occasion that shines a light on the importance of honoring the departed: Pitru Paksha. This unique and traditional festival is a time when people come together to pay homage to their ancestors and departed loved ones.

Pitru Paksha, also known as "Shraadh," has its roots deep in the soil of ancient India. The mythology surrounding Pitru Paksha recounts that the mighty King Karna, renowned for his generosity, was granted a chance to visit his ancestors in the afterlife during this 16-day period. Thus, Pitru Paksha is believed to be a time when the gates to the spiritual realm are open, allowing the souls of the departed to visit their earthly homes. It is also a time for people to thank their ancestors and ask for forgiveness for any behaviors that may not have been respectful to them.

During Pitru Paksha, families come together to honor their ancestors in various ways. They prepare delicious meals, offer prayers, and perform rituals to show their love and respect. One of the most important rituals is "Tarpan," where water, rice, sesame seeds, and other food items are given to the departed souls. This is said to **pacify** the souls and free them from any lingering connection to earth. Additionally, donations to the needy and acts of kindness are considered auspicious during this time, reflecting the spirit of giving and gratitude. For rituals, white flowers and roses are offered to not only make ancestors happy but also help enhance the financial situation of the household.

In addition to being a time of solemn remembrance, Pitru Paksha is a celebration of the enduring bond between the living and the dead. Through rituals, prayers, and acts of kindness, people honor their ancestors and express gratitude for their guidance and blessings. So, as the bells ring and the incense wafts through the air, let's join hands and celebrate the rich harmony of life, love, and legacy that Pitru Paksha brings into our hearts and homes

25. What is the main idea of the passage?

(A) To compare Pitru Paksha with other major Indian festivals in terms of cultural activities, social gatherings, and the economic impact they have on different communities nationwide.

(B) To explain how modern families in India celebrate holidays that focus on personal achievements, career success, and material gifts rather than spiritual connections or traditional customs.

- (C) To introduce Pitru Paksha as an important Indian tradition that honors ancestors through rituals, prayers, and acts of kindness meant to show gratitude and respect.
- (D) To discuss the political conflicts and historical disagreements that shaped India's religious practices, emphasizing how these tensions influenced celebrations throughout the country's past centuries.
26. What can we learn from the passage?
- (A) Pitru Paksha requires all participants to follow strict government regulations, including mandatory ceremonies and standardized public events held across every Indian community.
- (B) Pitru Paksha involves competitive rituals between families and villages, where people attempt to outperform others in order to gain spiritual advantages or recognition.
- (C) Pitru Paksha emphasizes gratitude and remembrance, encouraging families to honor ancestors through offerings, prayers, and actions meant to strengthen their connection to past generations.
- (D) Pitru Paksha is mainly celebrated by younger generations as a modern cultural trend that focuses on entertainment activities and social media participation rather than tradition.
27. Which of the following is closest in meaning to “**pacify**” in the third paragraph?
- (A) Soothe. (B) Boast. (C) Oppose. (D) Mourn.
28. In what order are the following topics discussed?
- A. Family practices and symbolic gestures carried out to maintain respect and spiritual ties with ancestors.
- B. Background information explaining the festival's early cultural roots and long-standing spiritual traditions in India.
- C. A discussion of the festival's emotional value and the enduring connection it creates across generations.
- D. A reflection on life's mixture of joy and memory, highlighting why the festival holds lasting meaning.
- (A) D→B→A→C (B) C→B→A→D (C) D→A→B→C (D) C→D→A→B

五、混合題 (共12分) (注意題號順序、拼字、時態、單複數、大小寫等，全對才給分)

Advances in gene therapy may offer the possibility of preventing or treating certain types of visual impairments, but the ethical concerns of modifying human genetics for **such purposes** remain highly debated. The following are arguments from the two camps.

For	Against
New developments in genetic modification offer exciting possibilities for preventing and even curing certain types of visual impairments, particularly those caused by genetic mutations. With gene therapies such as CRISPR, scientists are now able to target and correct faulty genes responsible for conditions like retinal degeneration. This could greatly improve the quality of life for millions of individuals who face progressive blindness. Genetic modification is not just about curing blindness; it is also about offering hope and reducing the suffering caused by vision loss that cannot be reversed. If therapies start early, we could prevent visual impairments from ever occurring, creating a future where blindness is no longer an inevitable part of some people's lives. For many, this technology could represent a new era of possibilities and independence.	While genetic modification holds promise, it raises serious ethical and social concerns, especially when applied to visual impairments. Modifying the human genome to prevent blindness may open the door to unexpected consequences, including genetic inequality and the potential for “designer babies.” Additionally, gene therapies are just beginning to develop and may pose significant risks, including unknown side effects and long-term health problems. There is also the risk of focusing too much on genetic modification rather than investing in improving the quality of life for visually impaired individuals, such as improving assistive technology, education, and support in public spaces. Rather than altering genetics, we should focus on fairness, support, and helping people with disabilities become fully included in society, ensuring they have equal opportunities and assistance.

科目	英語文	出題 教師	吳冠宇	審題 教師	溫雅君	適用 科別	應英	適用 年級	二	姓名				否

請根據選文內容，從文章中選出兩個單詞，分別填入下列句子空格，並視句型結構需要做適當的字形變化，使句子語意完整、語法正確，且符合全文文意。每格限填一個單詞 (word)。(填充題：1格2分，共4分)

Supporters of genetic modification argue that recent progress in gene therapy can prevent or even (29) _____ visual impairments, offering hope and better quality of life for those affected. However, critics warn about the ethical issues and risks brought by such early therapies, advocating for more focus on (30) _____ support and opportunities for visually impaired individuals.

From (A) to (F) below, choose the **ONES** that are true about the arguments from the two perspectives. (多選題，共6分)

31. _____

- (A) Gene therapies are still in early stages of development and may carry risks.
- (B) Gene therapies have already been proven to be safe for widespread use in humans.
- (C) Gene therapies could cause unexpected side effects that affect an individual's overall health.
- (D) Genetic modification raises ethical concerns regarding its use and potential impacts on society.
- (E) There is concern that too much focus on genetic modification could draw attention away from other solutions.
- (F) Focusing on gene therapies will eliminate the need for assistive technologies and accessibility programs.
- (G) Opponents of genetic modification believe it would provide no benefits to those with visual impairments.
- (H) With such techniques as CRISPR, scientists could target and correct faulty genes responsible for visual impairments.

32. _____

What does the phrase “**such purposes**” in the first paragraph refer to? (簡答題，共2分)

六、文意字彙 (每題1分，共10分) (注意題號順序、拼字、時態、單複數、大小寫等，全對才給分)

- 33. Alice is deeply touched by the d _____ e embroidery on the kimonos displayed at the cultural exhibition, where each piece reflects a high level of artistry and grace born of true passion and dedication to the craft.
- 34. Our brain relaxes during sleep, so the c _____ t of time, which is closely related to consciousness and attention, is not processed as accurately as when we are awake, leading to the distorted sense of time we often feel in dreams.
- 35. Having p _____ sly worked as a volunteer at a children's counseling center, she demonstrated remarkable patience and empathy when dealing with troubled students who often struggled with self-esteem.
- 36. As an exceptional athlete on the national baseball team, he has always e _____ ned himself standing on the championship podium and receiving a gold medal after years of intense training, with strong determination driving him forward.
- 37. Social media influencers can significantly increase the popularity of a tourist d _____ n, as their posts inspire followers to visit the same places for photos and experiences that reflect a sense of trend.
- 38. To keep their relationship close and joyful, they make it a tradition to take o _____ l family trips abroad, where they would rather explore new cultures together than stay within their comfort zone.
- 39. It is a _____ ed that technology integration in classrooms will transform traditional teaching methods and promote a more interactive learning experience for students.
- 40. True i _____ y in a relationship is built on trust and open communication, creating a supportive environment where both partners can show vulnerability, form a deep emotional bond, and develop a genuine understanding of each other.

41. Although artificial intelligence is s_____r to humans in data processing and analytical speed, it is considered incapable of matching human creativity and emotional intelligence.
42. The lawyer was c_____ted with an ethical dilemma that required her to choose between defending her client's confidentiality or revealing crucial information that might have saved an innocent victim from further harm.

七、中譯英 (每題4分，共8分)(依據括號中的提示作答，否則不予計分)

43. 隨著更多的證據被找到，警方相信這名死者是被她所熟悉的人殺害的。(… be believed to …)

44. 直到Nick在一場大學演講中忘詞後，他才理解事先準備的重要性。(It be V. until ... that ...)

答案卷

五、混合題 (共12分)(注意題號順序、拼字、時態、單複數、大小寫等，全對才給分)

29.		30.		31.		32.	
-----	--	-----	--	-----	--	-----	--

六、文意字彙 (每題1分，共10分)(注意題號順序、拼字、時態、單複數、大小寫等，全對才給分)
